cooking
with kids®

Dear Friends,

We miss you! We also miss the smiling (and sometimes silly) faces of all our school kids, so here are some of our favorite pics to brighten everyone's day!

Please keep scrolling to learn how Cooking with Kids is working to support families' healthy eating efforts—and encourage these bright faces of wonder and discovery—in homes all over our community.

With the words "hands-on nutriton education" written right in the Cooking with Kids' mission, we find ourselves seeking new and creative ways to support at-home efforts to engage kids in the kitchen. Here are a few things we've been up to in the last weeks:

- Check out **cookingwithkids.org**: we've added additional recipe and free activity resources for our families and educators. Links to these resources are now front and center on the homepage.

- We're sharing recipes, resources, ways to #supportlocal, and just plain good news on our social media platforms. Please help us get the word out by following us and sharing!
  Facebook * **Instagram** * **Twitter**

- We've invited our Cooking with Kids educators and Superchefs to create short healthy cooking videos that we will be sharing on social media. Stay tuned!

- Cooking with Kids is collaborating with community sites to consolidate essential resources for our community. Check out **alltogethersantafe.org** and **santafecommunityresource.org** - and if you notice a resource that needs to be added, reach out to these sites!

Most importantly, please know that we are grateful for you and we hope you are healthy and safe! Please don't hesitate to **reach out**.

With great love from our homes to yours,
The Cooking with Kids Team

Cooking with Kids educates and empowers children and families to make healthy food choices through hands-on learning with fresh, affordable foods.
